11/17/2020

Greetings APW Families,

APW Jr./Sr. High School will shift to remote learning November 18th through November 24th due COVID-19 related health and safety precautions. I want to emphasize the importance of our students sticking to a routine and schedule during remote learning to ensure they continue their academic growth. The information below outlines expectations for remote learning during this time period.

7th and 8th Grade

- ✓ Junior high students will be expected to Zoom from home with their teachers for instruction/support during their normally scheduled classes. The classes that students are expected to attend remotely include English, Math, Science, Social Studies, World Languages, Health, Art, Music, FACS, Technology, and any virtual office hours that teachers offer.
- ✓ Students will not be required to Zoom during their scheduled advisement classes. Students are encouraged to work on assignments during this time.
- ✓ Please reach out to your student's teachers if you have any questions or visit their Google Classroom for more guidance on expectations for learning.

9th-12th Grade

- ✓ High school students will be expected to Zoom from home with their teachers for instruction/support during their normally scheduled classes. The classes that students are expected to attend remotely include English Support, Math Support, Science Support, Social Studies Support, and any virtual office hours that teachers offer.
- ✓ Students will not be required to Zoom during Electives/Specials blocks. Students can work on assignments during these times.
- ✓ Please reach out to your student's teachers if you have any questions or visit their Google Classroom for more guidance on expectations for learning.

100% Virtual Learners

- ✓ Students who are 100% virtual learners are expected to follow their school schedule. All students have access to their school schedule on SchoolTool. They should be Zooming in with their teachers just as they would if they were attending school in-person. Please refer to the expectations above for each grade level.

With this shift to remote learning, the new high schedule that was supposed to start on November 19th will now change to December 3rd. If you have any questions or concerns, please reach out to me.

Sincerely,

J. T. Olsen
